COLLECTION

The ESSENCE COLLECTION bracelet and charms are a new concept from PANDORA. The collection features a slender sterling silver bracelet design and 24 charms which each represent a personal value. Only the charms from the ESSENCE COLLECTION can fit the bracelet.

They cannot be combined with the Moments bracelets or charms as the ESSENCE COLLECTION bracelet is smaller and thinner.

The ESSENCE COLLECTION bracelet has a diameter of approximately 1.5 mm, whereas the Moments bracelet has a diameter of approximately 3 mm.

The ESSENCE COLLECTION bracelet features a similar clasp fastening to the Moments bracelet, however the clasp is round rather than barrel shaped. You must take care when closing the clasp and ensure that it closes securely without damaging the end of the bracelet.

An ESSENCE COLLECTION bracelet with charms on the left and a Moments bracelet with a charm and clips on the right.

Unlike other PANDORA charms, the ESSENCE COLLECTION charms do not screw onto the bracelet. They all have patent-pending silicone grips which means they slide onto the bracelet and stay in place. This gives you the option to place the charms exactly where you would like them on the bracelet. The ESSENCE COLLECTION charms are held in place by the silicone grips.

The ESSENCE COLLECTION products are unique in size and design so cannot be combined with other PANDORA bracelets and charms. Moments charms and clips will not fit on the ESSENCE COLLECTION bracelet and will void the warranty if worn together.
